

A PLYANEMCA COMPANY

BRADSHAW SERVICE

Commercial Catering Equipment Repair & Maintenance Experts

We are known for our specialist microwave and combination oven service expertise, but did you know we also repair, maintain and supply spares for all types of commercial catering equipment?

microwave ovens • combination ovens • fryers • refrigerators • freezers • cooking ranges • ice makers • glass washers • toasters • grills

REPAIR & EMERGENCY CALL OUT

In the unfortunate event of equipment breakdown, small appliances and non-urgent cases can be repaired via our Collect and Return service, saving you the cost of an engineer call-out. You can even drop the appliance off at our Clevedon workshop too and benefit from further savings!

For emergency repairs contact our 24/7 nationwide service engineers on 0845 141 3000. All engineers are employed by Bradshaw and supported by first class technical back-up and spares. Our aim is to provide a fast, professional and reliable service with a 90% first fix rate.

- Collect and Return service
- 24/7 nationwide service operation
- Company engineers
- Same day assessment
- Service drop-off facility
- ISO9002 accredited

MAINTENANCE

Avoid costly downtime and the inconvenience to your staff and customers by scheduling a Preventative Maintenance Plan.

- Reduce risk of equipment failure
- Safety and performance testing
- Improve performance and productivity
- Identify potential problems
- Advice on appliance maintenance

SPARES

Our expert spares department is one of the largest in the UK. We appreciate the impact equipment failure has on profitability and customer service. So with over 10,000 spares in stock don't waste time shopping around, just call Bradshaw.

- Over 10,000 spares in stock
- Buy today, fix tomorrow
