

BRADSHAW

Domestic Appliances

Major importers and distributors of Commercial catering equipment
and leading supplier of Luxury Domestic appliances in the UK

Take care of your kitchen and bbq appliances with Hillmark's range of specialist appliance cleaners. Specially formulated non-caustic, biodegradable and environmentally friendly products to suit all types of surface. So to ensure your appliances are maintained and looking enviously clean, choose Hillmark available from Bradshaw now.

STAINLESS STEEL CARE

SteelKleen 250ml H90

A unique cleaner that removes fingerprints, smears, waterspots and spatters. It leaves behind a transparent film that actually repels new marks!

SteelKleen EziWipes Box of 10 wipes H91

Hillmark SteelKleen EziWipes are specially designed for convenient, quick and easy removal of light marks & soiling!

SteelPower 250ml H88

Hillmark SteelPower is a powerful non-scratching heavy-duty cream cleaner formula, which takes the hard work out of cleaning stainless steel.

Perfect for use on all of your stainless steel appliances and surfaces including fridges, ovens, microwaves, cooktops, dishwashers, rangehoods and splash backs.

CERAMIC GLASS CARE

Cooktop Scraper with 5 blades H95

The first step in the Ceramic Glass Care routine. Spills should be removed immediately before they cool using the Cooktop Scraper. It takes no time at all for food with high sugar level to erode your cooktop.

Cerapol 250ml H84

The second step in the Ceramic Glass Care routine. Cerapol thoroughly cleans the surface of ceramic glass cooktops including hard water calcium stains, metal flakes and metallic sheen, preventing permanent damage.

Ceraseal 250ml H69

Once your ceramic cooktop has been cleaned using Cerapol, the final step is to apply the silicone based Ceraseal to create a protective barrier. A must for retaining the look and performance of your cooktop.

SOLID HOTPLATE CARE

ShineOn 25g carton H82

Comes in an easy-to-use tube with applicator, and is essential for owners of solid element cooktops as it restores & protects.

Use ShineOn with SteelPower to help keep your cooktop rust-free and looking as good as new. ShineOn's advanced properties create a barrier against corrosion and protect from pitting.

CLEANING TIP

When cleaning stainless steel always follow the grain, polish or brushing lines to achieve a professional finish.

MULTIPACK DISCOUNTS

Stainless Steel BBQ Kleen 375ml H63

Keep your BBQ looking as impressive as the day it was bought, with minimal time & effort using Stainless Steel BBQ Kleen.

The easy to apply trigger spray removes smears, spatters and fingerprints from stainless steel hoods, lids & panels leaving a protective film which repels new marks and prevents annoying streaks.

Great on your stainless steel kitchen appliances too.

Oven & BBQ Kleen Grill & Hotplate 375ml H64

Oven & BBQ Kleen is just the product you need to get your oven barbeque, grill and hotplate clean & grease-free.

The easy to apply non-caustic and biodegradable trigger spray dissolves grease, grime & spatters. The rich, thick foam is perfect for removing baked-on foods and fats that accumulate on the cooking surface and surrounds.

EspressoKleen 3 x 40g sachets H67

A powerful, yet gentle descaler, which gets the perfect cup, everytime! Kettles, coffee machines and urns quickly become the victims of lime scale and calcium build-up, which not only affects the water quality but how good your drinks taste. Contains natural citric acid and is non-toxic.

Rangehood FilterKleen 375ml H66

A concentrated cleaner, which banishes rangehood and canopyhood filter grease & grime fast!

No home with a rangehood should be without Rangehood FilterKleen. Dirty rangehoods are not only unhygienic, unsightly and noisy but also have to work harder consuming more energy. Just one application of Rangehood FilterKleen will combat this.

Scalex 375g H87

A heavy duty descaler, tough on lime, calcium and rust. Lime scale and calcium build-up decreases the efficiency of hot-water appliances, which increases running costs & shortens the appliance's life. This is particularly severe in hard water areas, which is where Scalex works best. Perfect for the kitchen, laundry or bathroom.

Scalex Plus 3 x 75g sachets H70

keeps hot-water appliances clean & fresh. Grease & food deposits, as well as detergent residue, limescale deposits and calcium build-up can quickly affect the performance of your washing machine & dishwasher. This looks unsightly, leaves a stale odour, decreases efficiency & shortens the appliance's life. ScalexPlus dissolves grease, food and detergent residue leaving a sparkling, sanitised lemon fresh interior.
